

## Datasheet BirdBlocker

### Applying BirdBlocker offers many advantages:

- BirdBlocker prevents birds from nesting under the solar panels
- Optimal ventilation is maintained for the best yield
- Lowered fire risk
- Material is UV resistant and resistant to temperature fluctuations. Does not become brittle during periods of frost
- No risk of panel backsheet damage, due to twigs under the panel
- No nesting debris blocking the raingutter
- Tidy looking roof, thanks to less bird dropping

### Advantages for the installer:

- Quick and easy to install
- Prescribed according to NEN1010: 2015 (522.10)
- No drilling or screwing in the panel frame required, so panel warranty is not affected
- 10 years product warranty on the material

### Social responsibility:

- Measure that prevents problems for humans and birds
- Prevents dead chicks in the nest due to overheating
- Minimizes risk of noise and odor nuisance for local residents due to nesting of the birds
- No adhesives or sealants required
- Extends the lifespan of the solar panels
- Sustainable product, made to last as long as your solar panels
- 100% recyclable

### Important advice:

With existing PV installations, it is strongly recommended not to install BirdBlocker during the breeding period (mid-April to mid-July). It is even forbidden by law to remove nests during this period.

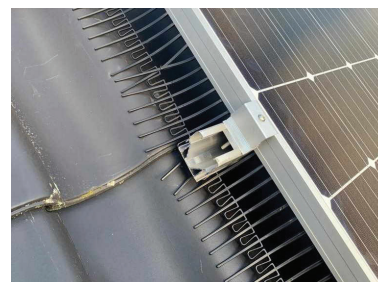

### BirdBlocker 125mm high (art.nr. 756003)

- Length of the needles: 125mm
- Maximum cover height: 120 mm
- BirdBlocker strips: 60 pieces of 500mm long
- Needles are interconnected for greater stability
- Material: black UV-resistant and recyclable HDPE
- BirdBlocker mounting clips: stainless steel
- PU: Box with 30 metres BirdBlocker and 250 mounting clips
- Combines perfectly with the ValkPitched mounting system for pitched roofs

### BirdBlocker 200mm high (art.nr. 756002)

- Length of the needles: 200mm
- Maximum cover height: 195 mm
- BirdBlocker strips: 60 pieces 500mm long
- Needles are interconnected for greater stability
- Material: black UV-resistant and recyclable HDPE
- BirdBlocker mounting clips: stainless steel
- PU: Box with 30 metres BirdBlocker and 250 mounting clips
- Combines perfectly with the ValkPitched "cross-rail" mounting system for pitched roofs
